

Name: _____

Date: _____

- 1 What holds carbohydrates together?
 - A ionic bonds
 - B metallic bonds
 - C covalent bonds
 - D electron clouds

- 2 Which of the following is most malleable?
 - A crystal
 - B polymer
 - C metal
 - D monomer

- 3 A(n) _____ is the smallest repeating pattern in a crystal.
 - A monomer
 - B polymer
 - C metallic bond
 - D unit cell
